👨🏃 About Me

Frontend developer with over 1 year of commercial experience at **noName Digital**. I specialize in building user-friendly, adaptive, and modern web interfaces. Participated in the development of more than 200 projects — from landing pages to e-commerce platforms. Confident in working with **TypeScript**, **React**, and **Next.js**, with a solid understanding of UI/UX principles.

Looking for opportunities to grow professionally in a team that values clean code, effective communication, and quality results.
